

It Takes A Village \$500 Scholarship

12/29/2025

The Recycling Club "It Takes A Village Scholarship is named in celebration of Kimberly Waltermire who was born and raised here, went through this IRCSD school system, LOVED kids and helped when she could. She would come running to make sure things were taken care of with her LOVE for others Kimberly's legacy and LOVE will continue.

The name of the Scholarship comes from Maria Muth, a local teacher raised here, went to school here, went off to college and returned and is a great teacher. She is the one who taught us what the phrase "It Takes A Village" means.

This "It Takes A Village Scholarship" is for students who do not live at home during their senior year at Sebastian River High School. The money is paid directly to the vendors.

****Email from your email address the following information and notify the Senior student of Sebastian River High school so we can coordinate with you, the student and the school staff to coordinate possible paying for things of senior year that the student would do without. We will communicate with the student, you and the school staff by phone and email as needed.**
